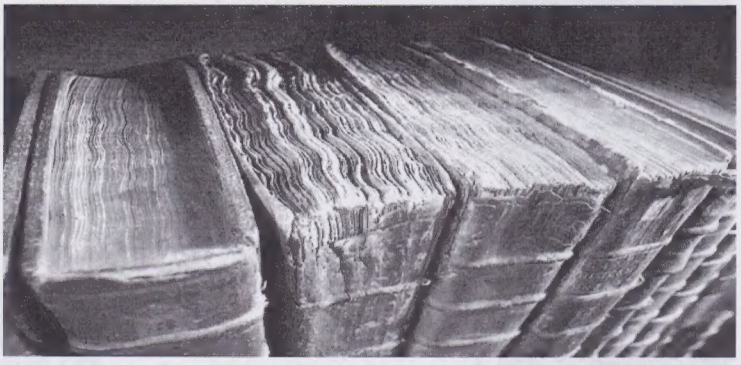
NONE DARE CALL IT TREASON

by White Voice staff:

The hour is finally upon us, Aryan American Patriots! All the institutions in America and the World, all the Gods and Goddesses of Heaven and Earth, all of fortune's blind fate cannot prevent the imminent Civil War that White America is about to embark on! Sixty years of Rothschild domination of American institutions has culminated in the latest socio-economic mess:

- The thievery of the Second Donald Trump presidency.
- Nine months of Phony Koronavirus restrictions - with no end in sight.
- A hopelessly divided country cursed with Eighty Million dumbed-down adult Socialists.
- DIRECT Chinese Communist Party meddling in the economic and political affairs of The United States of America.
- DIRECT Rothschild and Soros organizational meddling in American affairs.

Such a disaster had never happened before. YOU are living in a catastrophe. YOU, the stalwart fighters of the Racial Nationalist Party of America will provide the leadership, strategy, comradeship and ORGANIZATION during the upcoming Civil War period where destiny will be achieved.



"There will be, in the next generation or so, a pharmacological method of making people love their servitude, and producing dictatorship without tears, so to speak, producing a kind of painless concentration camp for entire societies, so that people will in fact have their liberties taken away from them, but will rather enjoy it."

...,...Aldous Huxley

We will Re-Conquer North America for ourselves and our posterity, destroying the New World Order / Rothschild Dynasty once and for all, and replacing it with Aryan American Nationalist hegemony - just the way the Gods of our Fathers ordained it to be!

A primary mission of the Racial Nationalist Party of America is to EDUCATE White Patriots and inspire them to positive, effective action! To assist in this noble pursuit, an eight-book reading list - an RNPA HOMEWORK ASSIGNMENT - is appropriate, and is provided in this article. The subject of Sino-American relations - economic, historical, societal, even military is so complex and rich and old that many scholars in academia spend entire careers studying the subject. For our purposes, RNPA recognizes the Sino-American Disaster to be just that - a disaster - and recognizes the People's Republic of China to be a mortal threat both to White Americans in the

APOLOGIES

My most sincere apologies for the lateness of this issue, and any orders that are late getting out.

What happened was simple: I took on a part time job thinking two days would be good. Then, one of my co-workers quit in a huff (not at me - the boss). Any way, about that time Co-Vid hit. So, not many people wanted to work for minimum wage when they could sit at home and get $600 a week for doing nothing. Ergo, I ended up working twice as long as I planned, putting a strain on both myself and my political responsibilities.

But things have a way of working out, and the extra money was used for the 5 and 10 year loyalty pins, and the medals you see on page 10.

So, we're playing catch-up. As for the orders, we will include something extra just to keep the wolves at bay.

Again, our most sincere apologies.

Foundation Of A Revolutionary Movement

The difference between a revolutionary and historical movement and a reactionary one, is that the revolutionary movement has an ideology that is stated and vigorously advanced and defended.

The reactionary movement on the other hand is, as its name suggests, simply reacting to what others are doing and saying.

The revolutionary movement is always on the attack. The reactionary movement is always on the defensive.

INCOMING

EDITOR: 'Incoming' is our 'Letters to the Editor' page. If you would like to have your letter included, then please sign it the way you would want it to appear in this publication. If you want to include an address as well, please let us know that inclusion of your address is permissible. Letters of inquiry that are printed will only include initials. We do not censor any opinions here. We are not the establishment media and we do not fear opposing views or even criticisms. We can handle them. However, we need to emphasize the importance of brevity. Keeping it short and legible will increase your chances of getting your views printed. Also, we will amend vulgarities. For instance instead of a swear word, we will simply put something like %^$&. That said, you should keep in mind that what you write is a reflection of yourself and your views. If you want to be regarded as a vulgar sewer rat, then by all means, let it rip. Typewritten letters are preferred, but we appreciate that not everyone has access to a typewriter, especially inmates. PENNSYLVANIA:

Dear Mr. Hand: Happy Yule! I am writing to extend my deep and heartfelt appreciation for your efforts in spreading the message and raising awareness for the cause. Thank you for showing countless men and women the truth and giving us the 'real scoop' on what is going on in the world!

I would greatly enjoy you sending me a few items:

- RNPA Catalog
- A Racial Nationalist Viewpoint
- One year sub to WV

Enclosed you will find a check for $22.00 (donation). I look forward to future issues of White Voice. I was on the list for OBS, however a bruder of faith sent me some money for the Yule time and I'd like to be taken off the list and it be given to a man or woman less blessed than myself, who could really use it, and does not have the money to pay for a subscription.

Thank you and may the Gods of our noble race bless you and the RNPA.

MICHIGAN:

Dear RNPA representative. Greetings and Salutations from Michigan! I hope these words find you well.

I am 38 years old of age and currently a state prisoner. My parole date is rapidly approaching, March 2, 2021.

I am on the tail end of a 47 month long sentence. I have no crimes of deviancy against women or children. I am not a scumbag.

Since age 14, I have been a White Nationalist. I am a Christian Identity adherent and an American Patriot. I have a well developed racial consciousness and the insatiable desire to keep learning new things.

In society I work as a skilled tradesman doing drywall finish work. I am also well versed in the business aspect of the drywall trade. My dad is the person who taught me the trade when I was 17 years old.

This past week while reading the American Free Press I found the advertisement for RNPA and the White Christmas Drive. The WCD is a nice pro-white endeavor. I applaud the activity and I do hope for success this year in pursuit of the drive.

Please do send me an information packet about the RNPA. I have not

United States and to the worldwide Aryan race. Chinese Communist Party meddling in U.S. affairs is THE prime reason that America faces oblivion of the Post-Donald Trump Era where free and open elections are no longer possible, and the ENTIRE Constitution of the United States has been effectively wiped out. A bleak future indeed! Except that millions of White Adult Americans are still able to think, reason and resist, and the Racial Nationalist Party of America will lead the struggle to regain Aryan American independence!

HOLY BOOK ONE

Secret Societies of America's Elite

(by Steven Sora, 2002)

One of the finest descriptions of American history available in print in any country. Its analysis concentrates on just WHICH Masonic institution did each and every major political figure in American history belong to! And nearly all of them did, from the earliest Dutch and English expeditions to America in the 16th Century, through the Colonial and Revolutionary war periods, cascading all the way up to the present day **"Skull and Bones"** of which George W. Bush and William F. Buckley, Jr. were enthusiastic members.

Sora drops names and identifies secret society connections for all the major players in the American Revolution, Civil War, slave trade period, opium trade (which continues to this day!), and provides the most embarrassing and ugly listings of NORTHERN great families who underwrote, conducted and profited from the African slave trade and the SOUTHERN "Plantation" system. Adams, Astor, Pike, Cushing, Gerry, Livingston, Revere, Perkins, Lodge, Roosevelt, Tucker, Bowditch, Delano, Brown, Vanderbilt, Taft, Bush, Harriman and many other Big Names of early American trade and monopoly - their mercantilist and Masonic activities - are all meticulously described in **Secret Societies of America's Elite**. Yes, **RNPA** members, it was NORTHERN Gentile families (and a whole bunch of Jewish financiers) who made all the big profits from the SOUTHERN slave trade, while **the "Abolitionist" movement was a calculated political farce** to cover the highly desirable "Civil War" which provided huge war profits to the American patrician families, while senselessly and brutally disposing of nearly a million wonderful White American warriors. It was the ultimate opportunity to

RNPA Propaganda Central

PROP 01: Operation Gatherstone: Operation Gatherstone is our random mailing program. This leaflet acts as a cover letter and should accompany any literature sent out to random individuals as it assures the recipient of our honest intentions.

PROP 02: Martin Luther King: Communist Agitator. Every year the Jew controlled media dutifully bestows praise on this Communist agitator., ignoring the reality of King's associations, and thus, his intentions and his real legacy. If you find this even slightly annoying, then get this leaflet out in your area.

PROP 03: Operation Northwoods: This exposes the infamous operation planned by the US government to terrorize the American people. This is a great leaflet for skeptics of conspiracies

PROP 04: Democrats Speak Out No. 1- Andrew Young & Tim Kaine: The Democratic Party has become the sworn enemy of the White race. They made a conscious decision toward the destruction of Western Civilization in order to realize a New World Order. This includes the replacement of Whites with non-Whites in the labor force, and regulating White people to second class status. This includes a quote by Andrew Young, the former US Ambassador to the United Nations under President Jimmy Carter, followed by another by Tim Kaine, Vice Presidential candidate for Hillary Clinton, who boasts of making Whites a minority.

PROP 05: How the Unions Betrayed The White Worker. Holding Union bosses responsible who acquiesced to the destruction of our manufacturing base.

PROP 06: Race and Civilization: Quote by historian L.A. Waddell buttressing the RNPA position that White supremacy is simply a historical fact. History is on OUR side!

PROP 07: The Media Is The Enemy: Perhaps you have noticed just how duplicitous the media is, or how seemingly anti-White and pro-non-white, they are. This may puzzle you to some degree. This quote by the former Vice President of the United States, Spiro Agnew, may open your eyes to the sinister forces allied against us. It is so eye-opening that it got Agnew run out of office and erroneously charged with income tax evasion. That is a fate that awaits anyone who dares to tell the truth in this crooked nation. As French philosopher Voltaire wrote: ***"To learn who rules over you simply find out who you are not allowed to criticize."***

PROP 08: Equality: This double-sided leaflet attacks the equality myth, using logic and sound and rational thought. In the War of Increments, this is the first increment and is perfect for White liberals, intellectuals and academians.

PROP 09: Miscegenation: The curse of White civilizations. Our racial position is a matter of survival, not hatred.

PROP 10: Decline of the West: The Spenglerian view of the forces at work against Civilization.

PROP 11: Communism is Jewish: This quote by Winston Churchill is perhaps the most revealing in detailing the Jewish origins of Communism.

PROP 12: Three Branches of the White race. A concise view of our racial make-up.

PROP 13: Teenage Wasteland: Exposes the forces that were at work during the 1960s generation gap, and that are still at work, poisoning our youth.

PROP 14: Negro Equality Fudge! : This is a series of quotes by Abraham Lincoln, and serves to counter the ridiculous notion that our forefathers were equalitarians.

PROP 15: We Are At War: This is simply a statement about Mexican aggression in the form of immigration and their attempt to reconquer America (the 'Reconquista').

PROP 16: AZTLAN: The Mexican group La Raza advocates the formation of a new nation for their own people. This piece advances the question: As Racial Nationalists, should we adopt this as well?

PROP 17: Segregate Our Prisons: It is the contention of the RNPA that forcing Whites into predominantly Black prison institutions constitutes Cruel and Unusual punishment, and is a violation of the 8th Amendment.

PROP 18: Freedom!: This is a quote by respected jurist Oliver Wendell Holmes Jr. in regard to the First Amendment and Freedom of Speech. This is an excellent lead leaflet for activists to distribute in their area as it establishes a legal foundation.

PROP 19: The Communist Conspiracy To Destroy America. Noted Hollywood communist, Israel Cohen, exposes this conspiracy in his own words as entered into the US Congressional Record.

PROP 20: Race Scientists: This leaflet attacks the notion that all those who deny racial equality are all ignorant fools. This is a real eye-opener in that it exposes this stereotype and thus, exposes those who promote it as frauds.

PROP 21: USS Liberty: In 1967 Israel attacked the USS Liberty, killing 34 service men, and wounding 174. This is the perfect leaflet to send out to all those who parrot the Zionist lie that Israel is America's friend.

PROP 22: The Racial Nationalist Manifesto: Outlines many of the positions of the RNPA in short and concise bursts.

PROP 23: The Talmud: The Jewish controlled media often portrays us as 'haters'. A simple examination of their Talmud exposes who the real 'haters' are.

More Propaganda Tools

PROP 24: The Truth About Rednecks: The Jews, being an urban creature, have portrayed rednecks in their media and Hollywood in the most negative fashion. This quote by Thomas Jefferson challenges that portrayal.

PROP 25: A Real Humanitarian Speaks Out: Albert Schweitzer was one of the great humanitarians, however, he warned against accepting Blacks as equals. This quote by Schweitzer is perfect for your brainwashed White liberal friends.

PROP 26: Totalitarian Nature of Liberalism: A quote by philosopher Friedrich Nietzsche that exposes the duplicity of Liberalism.

PROP 27: The Faulty Foundation of Modern Feminism: The anti-male and irrational hatred espoused by many feminists today (mostly Jewish) is exposed in this essay.

PROP 28: The Truth About Margaret Sanger: Sanger was the founder of Planned Parenthood. This quote from her proves that even Sanger was against the barbaric practice of Abortion. Perfect leaflet to distribute to 'Pro-Choice' advocates.

PROP 29: Cohesive White Community: Blacks and other minorities are allowed to organize along racial lines, but Whites aren't? This leaflet exposes that hypocrisy.

PROP 30: Hollywood Pedophile Capital of the World: Hollywood is a den of Jewish subversion. Hollywood is a den of Jewish perversion.

PROP 31: Introduction to the RNPA. Double-sided, trifold leaflet on what we are and what we aren't.

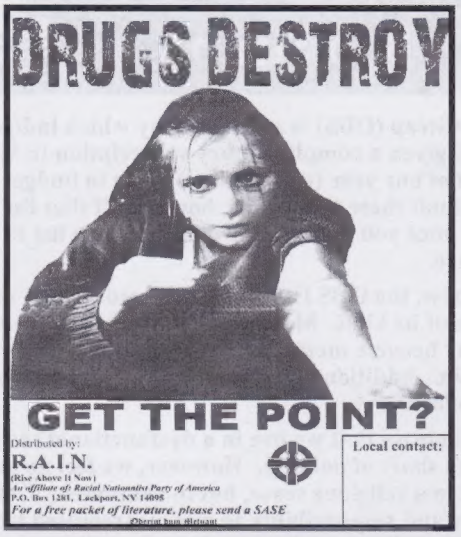
PROP 32: White Nationalist Pay Taxes Too! A simple reminder that we contribute to this society, and thus, are deserving of its protections.

PROP 33: Anti-Semitism: Quotes by Jews on Anti-Semitism, including Albert Einstein and Bernard Lazarre.

PROP 34: Police Shootings: The hysteria around police shootings is media generated and unwarranted.

PROP 35: Social Insecurity: Talk of undoing social security is callous and a breach of contract.

PROP 36: Your Rights and the Police: These are some guidelines for street activists and are intended to prevent any problems with law enforcement.



R.A.I.N.
(Rise Above It Now)
RNPA's Anti-Drug Program

PROP 41: Inspire Our Folk To Greatness: Intended as a brief and simple introduction to RAIN.

PROP 42: Drugs Destroy: (pictured). Drug use is a primary means that the system exerts control over the masses. This was true with the Opium wars in China, and now it is true in America. We must reign this threat in, not with more laws, or harsher penalties, but by a racial and national awakening to it as a threat.

Volunteers of Africa
(Our Repatriation Program)

PROP 37: Africa Calling: Some Blacks have already repatriated on their own, at their own expense, imagine if we offered incentives?

PROP 38: Five States For Racial Peace? The New Black Panther Party calls for a separate Black nation in North America, is this feasible or desirable? That is the question this leaflet explores.

PROP 39: Black Moses: A call for a Black leader to emerge to lead Blacks back to Africa.

PROP 40: Attention Blacks: Calling on Blacks to consider racial separation as an alternative to the current racial morass. Pits the RNPA against the two-party swindle.

Celebrating July as White History Month

PROP 43: Giants of the White Race - Thomas Edison.

PROP 44: Giants of the White Race - Nikola Tesla.

PROP 45: Giants of the White Race – Marie Sklodowska Curie.❖

Operation BootStrap

Operation BootStrap (OBS) is a program by which indigent White inmates are given a complimentary subscription to White Voice for a period of one year (or six issues). Due to budget restraints, we must limit these to just 300, however, if that list has reached capacity, once you apply you will be put on a list to receive it in the future.

As far as we know, the OBS is the foremost pro-White, prison outreach program of its kind. Many of those initially on our OBS list eventually become members, so this is in our own vested interest to maintain. Additionally, many on the list contribute to our White Christmas Drive.

The RNPA recognizes that we live in a dysfunctional society, and many of us fall short of nobility. However, we feel no one is irredeemable, not in a religious sense, but in character. To that end, we feel a duty and responsibility to our incarcerated brothers and sisters. When it comes down to it, we are all the unwanted step-children of this mongrel society.

To be placed on this list, you must fill out an application. To get an application, please send a SASE to:

OBS Director

P.O. Box 1281

Lockport, NY 14095

At the bottom of each OBS application there is a comment section, here are two of the many comments we have received recently:

Pennsylvania: I want to thank you for the chance to be placed on this list. I fully intend to spread all this info to by other White brothers of faith and folk. I thank you for all you folk do at RNPA and for "Operation Bootstrap" May the Gods Bless you!

J.H.

CALIFORNIA: I am a White man through and through. Born White, live White, and Die White. Thank you so much for all you do. When I go home I intend to give back as well. It's good to know we still have solid individuals among us. Stay down & proud.

Chinese Frankenstein

convert the Southern Plantation slave system to a Nationwide system of Universal debt slavery for each and every American.

Thus, Secret Societies of America's Elite is the first Holy Book on the list. Comprehend and master this volume, and you will know the hideous, ugly truth about Who was doing What to Whom in America during the Republic's early formative days - and its recent history too. The China Opium Trade consumes several chapters of the book, and provides an excellent primer on how that poor country was catapulted into its fateful conquest by Mao Tse-Tung and his brutal Communist hordes. The embryo of our modern Chinese Frankenstein is thoroughly described and analyzed in Secret Societies of America's Elite. Sora's revealing volume is SO important to an Aryan Nationalist's understanding of our current disaster that the full Table of Contents is provided on page 5.

HOLY BOOK TWO

The World Order

(By Eustace Mullins , 1992)

This is by far the most instructive, single-volume primer in the world about the great Rothschild banking colossus that has controlled world politics and economics since the mid-1700s. But ***The World Order*** is that much more dangerous to the Globalist Powers-That-Be by connecting the highly Jewish and supremacist Rothschild Banking System to just about every big bank, corporation, government and educational organization in America, Europe and EVERYWHERE that powerful White people exert influence - and grope for funding!

Mullins himself spent much of his adult life in hiding in remote areas in Appalachian America, and was hounded to his death by the very many Jewish and Masonic powerbrokers whose names he dropped in **The World Order**.

This work is an absolute must reading for every **RNPA** patriot, nay every White citizen of Europe, America and Australia. It's a fascinating, gripping read with breathtaking details about the sheer corruption and avarice of every major institution in the White world. Want to know who is kicking your ass? The World Order will tell you! The Table of Contents of this classic thesis is presented on this page.

HOLY BOOK THREE

Death By China

(By Peter Navarro and Greg Autry ,2011)

This is a must for comprehension by the RNPA patriot researcher. Death by China shoots big holes in the theory that "offshoring" American manufacturing production to our Communist enemy is nothing but beneficial to Middle Americans and their families! For daring to cross the Globalist Rothschild Mercantilist establishment and their beloved system of offshoring American manufacturing, Navarro has become one of the most hated and at-

RNPA AWARDS

ORDER OF THE BLOOD HEART

The RNPA is a legal, political activist organization, however, our enemies are not.

All across the nation, such groups like ANTIFA and Black Lives Matter (BLM) are attacking, not just 'White Supremacists', but even mild conservatives. Bloody conflicts across America have become the norm.

There is a saying, *'To become Masters of the State, you must first become Masters of the Street'.*

Thus, as the RNPA becomes more active, we can expect some sort of reaction from either ANTIFA, and/or BLM, or just some crazies.

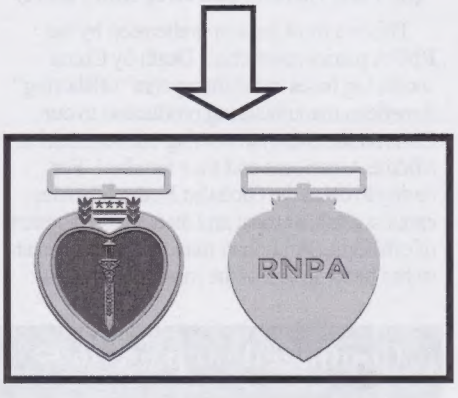
We will never surrender our Constitutional rights of freedom of speech and peaceful assembly. BUT, our enemies have made it abundantly clear that they will never respect those rights. Consequently, we have to prepare for the possibility of bloody confrontations.

So be it. If someone is seriously injured for defending the RNPA, we now have a way to recognize them. For that purpose, we have created the Order of the Blood Heart. Anyone who is seriously injured defending the RNPA, will be rewarded with the medal shown.

This is our equivalent of the Purple Heart. This is for serious injuries only. Lesser injuries will be awarded a Letter of Commendation, which is in certificate form with a gold border.

The **Order of the Blood Heart** medal is something you can proudly wear or display. It comes in a black velvet box, with a ribbon. On the back is engraved "RNPA".

Gone are the days when White men and White women put their arses on the line for this movement, and are not recognized for it. And once again, the RNPA leads the way! We're breaking all of the rules, all of the stereotypes, and all of the limitations of the past. We are evolving into the historical movement that we set out to be.



ORDER OF THE GOLDEN HARVEST

The **Order of the Golden Harvest** medal is awarded by the Racial Nationalist Party of America, to those individuals who have distinguished themselves in the service of the Racial Nationalist movement.

It is not necessary for an individual to be an actual member of the RNPA to qualify for this award, only that if everything that they have contributed to this movement were made known that the consensus would readily be in favor of granting this award.

Taken into consideration will be those who contribute regularly (financially or otherwise), those who engage in significant literature distributions, those who put themselves in the crosshairs of the enemy as part of a recruitment effort, and length of service. We understand that this is somewhat arbitrary but nevertheless really important to the Espirit de Corps.

Basically, we seek to award those who go above and beyond what is normally required. We feel these represent our forgotten warriors, but forgotten No More!

Nominations may be made for this award, and an individual may nominate themselves.

Nominations should include a short resume of the candidate and sent to:

LEGAL NOTICE:

The Racial Nationalist Party of America is a legal, political movement. Anyone in this organization convicted of undertaking illegal political actions that could bring shame or legal complications to the RNPA faces disciplinary actions, up to, and including, expulsion.

As a movement we must learn the art of governance. This means we must measure our words and actions. The time for juvenile-inspired acts of violence are long past. If you want to engage in reckless acts, then you are on your own. We will not be held responsible for stupid acts committed by stupid people. If you disagree with that, then you don't belong in the RNPA. It's as simple as that. Capiche?

"In the beginning of change the patriot is a scarce man: brave, hated and scorned. When his cause succeeds, however, the timid join him, for then it costs nothing to be a patriot."

Once again, the RNPA is setting the standard for the movement with our AWESOME Freedom T-Shirts.

These are green, with gold trim, and white lettering, complete with a large White silhouette on the back. Two other white silhouettes occupy the shirt sleeves, one with a hand holding on to lightning bolts, the other a revolutionary soldier with flag.

We haven't had these available for very long, and we are starting to see our supply dwindle. We still have more mind you, but they are starting to move. But, if they do sell out, we'll order more in time to replenish our inventory, so not to worry.

tacked patriot writers in the world. This book is SO important to Aryan Nationalist understanding of the catastrophe at hand that we provide the book's entire, chilling Table of Contents on this page.

HOLY BOOK FOUR

The Committee of 300

(By Dr. John Coleman, 1992)

This is an outstanding expose' on the composition of the highest level of worldwide political and economic corruption, closely resembling Eustace Mullin's **The World Order** manifesto. Dr. Coleman's magnificent text describes the inner workings and hidden mechanisms of the Globalist Socialist Mercantilist Rothschild worldwide colossus. He identifies all of the giant Masonic "think tank" organizations like the **Tavistock Institute**, the **Royal Institute for International Affairs**, the **Bank of International Settlements**, and many others.

The worldwide Opium trade and its corrupting influence on corporations and governments is given strong emphasis throughout the book.

Dr. Coleman's meticulous research and calls-to-action to appose the **New World Order** are similar to those presented in **The World Order**. Please closely compare the two volumes for yourself. You will find it impressive how closely the two corroborate each other's facts and conclusions.

Sadly, Dr. Coleman left us a few years ago. His long career as a CIA analyst and his discoveries of the vile corruptions and foibles of our Globalist masters inspired him to write his "memoirs" about the ugliness of the high levels of the Globalist Socialist elites. Let's make Dr. Coleman proud! Master his works and spread the word among RNPA and all Aryan American patriots.

HOLY BOOK FIVE

Escape from Red China

(By Robert Loh, 1962)

This is a first-hand account of the hideous Communist snitch-and-shoot state of the 1950s and 1960s, where every level of Chinese Communist society was dominated by universal treachery and threats of violent torture and death to any and all dissenters. Loh's drama is most gripping as he struggles to keep himself and his family alive in the atmosphere of Communist intimidation, thought control, and material deprivation. Loh describes the excesses and murder-filled ***"Great Leap Forward"*** era where Maoism is at its sterling apex. His relatively elevated status in Chinese society as a highly educated business leader makes him simultaneously luck (he has food and shelter) and vulnerable (to jealous and desperate colleagues and the Maoist regime).

Loh describes several years in the late 1950s where fewer than a dozen Chinese managed to escape from Mainland Communist China, with a population of nearly two thousand million people (that's two billion - five times larger than the USA at that period in history).

Loh was lucky to escape around 1960

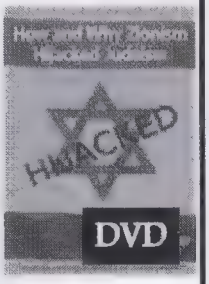
How and Why Zionism Hijacked Judaism



This is one of those titles that we in the RNPA find little to agree with, but which we offer here to give an alternate view some study.

through Hong Kong which in that era continued under British control. Hong Kong was the primary escape conduit from Mao's People's Republic of China. Escape attempts from the mainland to Taiwan went on endlessly for years - with a success rate of less than five percent. Those detected or caught were frequently tortured and always executed. America, Canada, Europe and Australia are inching closer by the day to a brutal Communist Gulag state like Mao's China and Stalin's USSR. Moronic, soft and spoiled American liberals welcome this development. We at **RNPA** will not permit this to happen!

Escape from Red China contains sixteen untitled chapters, but the gripping drama about Loh's life makes for a fascinating and compelling read.

The modern People's Republic of China would be delighted to ANNEX the United States of America and institute its brutal Marxist regime on our soil. Prepare for War!

HOLY BOOK SIX

The Creature from Jekyll Island

(By Dr. G. Edward Griffin, 2002)

This is a full scholarly examination of the most pernicious and heinous of all American economic institutions: **The Federal Reserve.**

This ugly and illegitimate monster is the PRIVATELY-OWNED central bank dominating American public finance and economics. MASQUERADING as a sort of beneficial, expertly-run nationwide financial institution.

The Creature from Jekyll Island is so important that it is included before two other magnificent works in our **Eight Holy Books** collection.

As an RNPA patriot, it is very likely you have heard of **The Federal Reserve** and heard from other patriots or Nationalist publications that **The Federal Reserve** is harmful and pernicious. It is indeed! We include it in this part of our Eight Holy Books study because The Federal Reserve is the primary transfer mechanism where direct payments of United States assets are made to Chinese Communist government customers without the slightest knowledge of the American public in general. The $100 Billion annual fuel bill to operate the Cross-Pacific Containership racket gets much of its funding through our Federal Reserve - and not a word of this ever goes public.

Dr. Griffin's outstanding primer on The Federal Reserve, with his expert teaching prowess, will reveal to you just how the innerworkings of The Federal Reserve are able to undertake such nefarious deeds as making direct cash payments to hostile foreign governments and Communist regimes!

Griffin's book is a heavy-duty, university-level treatise on the subject, but a wonderfully readable format that resembles a detective story - which it actually is.

Many excellent textbooks and primers about The Federal Reserve have been written in recent decades, by such splendid patriots as former Congressman and Presidential candidate Dr. Ron Paul; populist economist Murray Rothbard; and 1950s banking expert Dr. Silas Walter Adams. But RNPA students should start with The Creature From Jekyll Island because of its comprehensive analysis of Federal Reserve activities, and its fantastic historical catalog of nefarious, crafty and downright criminal funny-money, fractional-reserve banking figures. Starting from the original Jekyll Island meeting in Georgia in 1907, the immortalized list of Federal Reserve conspirators include Frank Vanderlip, Paul Warburg, Nelson Aldrich, Benjamin Strong and many others.

The conspiracy which began with the Jekyll Island meeting led to the 1913 creation of the Federal Reserve through the Federal Reserve Act of Congress. Thus began the operation of the hideous, soul-crushing Americanized Central Bank that finances our boom-bust cycle, massive recessions and depressions, and more than anything else, wars. The Federal Reserve was instituted just in time to finance the massive worldwide catastrophe known as "World War One" ***which consumed the lives of over 20 million White Europeans*** and **hundreds of *thousands of American soldiers*** - an inspiring achievement!

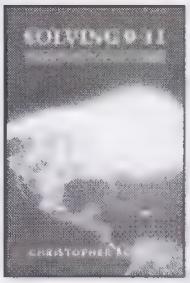
Mastery of **The Creature from Jekyll Island** will make you an expert on the disgusting, crooked Central Bank of the United States which has financed every disaster from World War One to Vietnam to the Stealing of the Second Donald Trump Presidency. Study this one with your best Aryan American Patriot friends. You won't regret making the effort.

HOLY BOOK SEVEN

A Brief History of Chinese and Japanese Civilizations

(By Conrad Schirokauer, 1978)

This splendid and well-researched American



college textbook was originally written in the 1960s by a trio of fabulously educated and literate 'Liberal Arts" history professors. **A Brief History** as published when it was still permissible in an American high school or university to suggest that brutal, authoritarian political regimes, even the Communist ones, were an awful and detestable artifact of pre-Civilization human history. Even though the volume is definitely a college-level instructional course, every RNPA patriot is urged to obtain this Holy Book and study it for all its worth!

Strong emphasis in **A Brief History** is placed on the TRADITIONAL make-up of the Japanese and Chinese civilizations, profoundly authoritarian, where the individual is totally subservient to the State and the Leader - who in Japanese culture is even revered as a deity.

The oriental systems of language (with rigidly separate dialects for the rulers and the ruled) and alphabet (character-based and non-phonic) is described in great, accurate detail.

A Brief History presents this prevailing three-thousand-year history of peasant illiteracy and elite monopoly on language and communication as a recipe for permanent resentments and fertile ground for the Marxist-Leninist Communist dictatorship that torments both Chinese and Americans today. Conversion of the character-based Chinese written language into a comprehensible phonic alphabet had to be accomplished by Americans and Britishers of good will in the 17th, 18th and 19th centuries. RNPA readers of **A Brief History** will learn about the results of this labor as the famous Pin-Yin and Wade-Giles systems of Chinese language conversion. Teaching peasants to read is revolutionary and taboo! America is cursed by its modern-day equivalent, accurately known as 'Dumbing Down."

A Brief History describes in great detail the Buddhist, Taoist and Confucian codes of

My release from prison is just under 11 weeks now and I am looking forward to living back amongst civilized people. Perhaps I will be able to make the acquaintance of like minded people associated with the RNPA once I am back home. I will be in Oakland County, White Lake Township, Michigan, about 45 minutes northwest of Detroit.

ILLINOIS:

Dear Mr. Hand: Enclosed is a money order for $60, representing 1/20 th of a $1,200 payment every long-term inmate in the US should have received from Uncle Sam as a CoVid 19 "stimulus check". That means that everyone behind bars subscribing to White Voice has no excuse not to donate at least the same amount.

C'mon guys, it's time to pony up and repay Karl for all of his good works via Operation Bootstrap. Don't try to hide the fact that you're filthy stinkin rich for possibly the first time in your incarcerated lives. Only selfish, greedy hoarders will refuse to remit this amount posthaste. The racial movement is better off without these blood suckers.

If you want to deposit this in your legal defense fund, please feel free.

FLASH:

Inclusion of articles and letters in White Voice, does NOT necessarily imply an endorsement. In fact, we encourage dissident views as this is the real litmus test of a free press.

Editor: This letter is significant in that it demonstrates that despite all of the attempts at censorship, our message of racial salvation is still getting out. This was made possible because of an ad that a local member placed in AFP on his own volition , BUT, we receive many new contacts simply by word of mouth. Sooner or later we will break down these bitches in the Fraud Democracy. That day is coming and coming soon, as we, in the RNPA have a plan to deal with them, and it doesn't involve anything illegal or arcane, but the element of surprise requires a certain degree of stealth. BUT, we still have some unfinished business we have to attend to first.

NEW YORK:

Karl: I've enclosed $50. to cover your expense to print this commentary in the White Voice.

The greatest calamity ever to befallen the White race in modern times was the Second World War.

This suicidal conflict led us directly to the racial and moral chaos that is consuming the West today. Every racially conscious White person must understand what that war was really about and what really happened.

Most Americans do not know that World War II was really a German-led war in the defense of Europe from Soviet Bolshevism, and also from the overwhelming might of the Jewish-controlled nations, mainly Great Britain and the United States. Celebrating the Allied victory does not mean celebrating "freedom and democracy" but paying obeisance to a brutal, world-destroying tyranny.

Wake up White Man!...You lost you country and you have thrown your birthright into the sewer! Get active, get political and run for office as a registered Republican. Third parties are a waste of Time and Effort!

Chinese Frankenstein

thought that enabled hundreds of generations of ordinary Japanese and Chinese families to endure and procreate in the always despotic and soul-crushing atmosphere that the various Dynasties of the Orient created. Most importantly, MANY chapters are devoted to the European exploration era (roughly 1450 to 1900) where avaricious Masonic, Jesuit and Freebooter shipping fleets feasted on the Orient in an orgy of exploitation and enrichment. The Opium trade which Sora, Mullins and Coleman describe and chronologize is discussed in **A Brief History** as well. The dynamic of the West and the Orient butting heads in the never-ending world Opium war is explained wonderfully in **A Brief History.** It's a challenging homework assignment, one that might be best accomplished in a group setting. Tackling **A Brief History** might be the beginnings of a **RNPA University movement,** where all RNPA members are welcome to participate! Whether you study **A Brief History** alone or in a group, it will be a tremendous history lesson about our Chinese Political Enemy that few Americans understand.

HOLY BOOK EIGHT

Solving 9-11: The Deception that Changed the World

(By Chris Bollyn, 2012)

This is the dessert after the seven-volume main course of the RNPA homework assignment called **The Eight Holy Books.** This fabulous analysis of the CY 2001 "9-11" False Flag attack on America is included in our study for several extremely important reasons. First, **Solving 9-11** reveals that ***it was the worldwide Rothschild banking apparatus, and indeed the elite levels of World Jewry in general, that planned, funded and executed the 9-11 False Flag attacks.*** Such an accusation is a primary taboo throughout America, and will get you fired from any government job if you were to publicly or loudly proclaim its being true.

The CY 2001 9-11 False Flag Attacks ushered in a massive, overnight constriction of American liberties, many of which continue today, nineteen years after the attacks were made. A state of nationwide paranoia about "Arabs" and "Terrorists" was instantly born in the United States and it still lingers on today. Board an airplane in an American airport? Those shoes come off, brother! And you get pat-down searched and irradiated - even though the 9-11 attacks were over 19 years ago, and not a single Terrorist, Arab or otherwise, has been apprehended through Transportation Safety Administration (TSA) molestation and search of every airplane passenger in America. The stupid and paranoid over-searching of passengers at American airports will continue on indefinitely.

The CY 2001 9-11 False Flag Attacks were the pre-cursor to the equally False Flag "Coronavirus" or **"Covid-19" attacks on America which have turned America into a MISERABLE medical dictatorship** with fantastic elimination of basic civil liberties that would have been utterly unthinkable to previous American generations. Yet, here we are! Two hundred million Americans walk around in broad daylight in beautiful weather with their **IDIOT MASKS** deployed, just because this or that despotic Communist state governor says you have to.

The paranoia and malaise that accompanied the Covid-19 False Flag medical attacks made possible the disastrous condition of **Stealing the Presidential Election of November 2020.** Such a ***condition*** would NEVER have been possible without the phony Covid attack, where before the event Donald Trump's America sported a booming, thriving economy, general well-being and an optimistic view of America's future.

Both the 9-112 False Flag event and the CY 2020 Coronavirus / Covid -19 hoax, were massive Psychological Operations (Psy-ops), carried out by the very same Rothschild banking interests and George Soros color-revolution subversives ("Black Lives Matter" is one). All levels of government, Rothschild-controlled mass media, and major Corporate America successfully hoodwinked many Middle Americans into thinking that Coronavirus and Covid-19 were legitimate bacteriological emergencies (they were not) and that the massive shutdown of basic liberties and freedom of movements were justifies (they are not).

A final word on the 9-11 False Flag events and the Cy 2020 Coronavirus / Covid-19 hoax: ***Dissent from the official Mainstream Media and governmental "line" about either event is strictly taboo and forbidden.*** Contradict or criticize the "official" Covid-19 propaganda in Canada, and you will be whisked off to jail or severely fined, much as if you had been living in 1950s Communist East Germany. In the United States, objection to the ridiculous Covid-19 restrictions will earn you angry scowls and disapproval from dumbed-down America - especially Liberals. Plus you can't even go to a grocery store to get basic staples, or enter a restaurant or bar without donning your ***Communist Idiot Mask.*** Miserable times INDEED we are cursed with.

Remember RNPA soldiers: We are a team! We're all in this together! Serious networking and collaboration among RNPA members will ensure VICTORY! This is an **OPPORTUNITY!**

Mastery of the concepts contained in The Eight Holy Books will make you an EXPERT in the technical and historical details of the centuries-long conflict between White Aryan Men of the West, the Yellow Mongoloid men of the East, and our Rothschild Zionist enemy. Complete The Eight Holy Books course and you will be head -and-shoulders better educated about the Aryan-Orient conflict than 95% of all Americans.

Our current ugly predicament has been described by Syndicated Columnist and Paleo-conservative patriot Patrick Buchanan as "The Uncivil War." The Eight Holy Books will prepare you intellectually and tactically for the Uncivil War, with bitter, protracted and technical battles to come as Aryan Nationalist America struggles to free itself from Chinese, Rothschild and Globalist domination. Treat this article as a mandatory Aryan Patriot homework assignment. Form RNPA study groups among yourselves. Invite family members and membership candidates to join in. Spread The Eight Holy Books article around among other Aryan Nationalist and Patriot groups. Procure copies of The Eight Holy Books to help with RNPA prisoner outreach. Goals For 2021 ⇨

It is obvious that after four years where we witnessed the gaslighting and slandering of the People's President, that the establishment media needs to be challenged on every level and in every way.

Without the concentrated effort by the establishment media to undermine Trump, you would not have had the riots and violence in America's cities as you saw in 2020. You would not have had the Jussie Smollett affair, which nearly pushed us towards the race war that the Left wanted, simply because they saw whites as weak and feeble. You would not have had the Trump/Russian collusion investigation, which, with its subsequent Impeachment proceeding cost the American taxpayer a cool $40 million or so.

It is therefore incumbent upon us who value FREEDOM, including the Right of Self Determination, to challenge the mouthpieces of this system. Simple rhetoric won't do it, we must become INFLUENCERS, just as they have become influencers. That, therefore is our first priority.

The RNPA does this in a number of ways: First, we have our website at www.rnpaheadquarters.org. We honestly feel that no objective person can read our website from beginning to end, and not come away with a different view of the RNPA. Second, we have our newsletter, White Voice, now at 24 pages. Through White Voice we educate the uninitiated and equally important we network with the initiated. It is this dual function that makes White Voice a force. We need only introduce more people to it. Another way is through our leaflets which cover all kinds of subjects. These, along with our Racial Nationalist Manifesto, spell out our position, in concise terms, on the important matters of state and current affairs.

However, all of this means little if we can not mobilize our people to action. If one thing has become clear over the last year is that we are playing catch up with the Left. We thus, must now concentrate on building up the organization to challenge our enemies. To do this, we need our people to defy the risks and to come forward, to take that giant step from inactive to active. And when they do, we must be prepared to support them. This is why we have created a legal fund, which stands at $500, but which needs to be bolstered with additional funding.

We have one member who is a trustee in a township in Ohio . He did this on his own, under a major party name, but makes his views and feelings known; however, we need more to come forward , as this my friend, like it or not, is the last stand of the White race.

If the Trump experiment proved one thing it is that one man, or one family, can not win this alone. It will take an organized movement dedicated to a complete victory to beat down the goons that the system throws at us, and to dislodge the POS in high places. If someone thinks that some divine power can or would rescue them, they are delusional. What divinity would come to the rescue of any one, or any people, who will not fight for what is theirs? That's just a cop-out and anyone with half a brain knows it. They just don't want to get their hands dirty, but this is our war and it is we who must fight it. This is NOT hate, but Survival, and an eternal law of nature is that it is the strongest which shall prevail.

I know some of our people in this movement may find disagreement with this, and that is their right. But we didn't write the rules, we can only acknowledge and follow them. That is our right and our duty.

Tactically, we have to learn and practice Divide Et Impera (Divide and Rule). We have to find those divisions in our enemies' ranks, and exploit them. We must embrace the ruthless pursuit of power. Without power we can not realize our goals. To proclaim otherwise is foolishness. The enemy sees right through this window dressing. And they see it as a weakness on our part.

To sum this up, our first goal is to expand the circulation of White Voice. The second goal is to begin the process of mobilization. And lastly, the third goal is to develop a revolutionary mentality committed to securing the existence for White people and a future for White children. Let's do this! ❖

Typesetting by Karl

Recently, I was approached to do some typesetting for another group. At first I was a little hesitant, because I didn't want to overburden myself. But this person made me an offer I couldn't refuse - $30. for a single sided leaflet.

This opens the door for future possibilities, in that, ***if*** we can generate enough business like this, I could possibly go full time instead of holding down a part time job. Meaning, we could do so much more! Perhaps even going monthly with White Voice!

One of the greatest obstacles facing us is our inability to increase our cash flow. This could afford us a rare opportunity to address that issue.

So, if you want something typeset, and can't get a local printer to do it, because of your 'racist' views, here are our prices:

$30. single sided, 8 1/2 X 11

$50. double sided, 8 1/2 X 11

RNPA Party News

THIS ISSUE

In case you didn't notice it, we expanded this issue to 26 pages. This was necessary to include everything that needed to be included. That won't be the case in subsequent issues simply because before we expand to 26 pages we would like to evolve to a monthly publication. That will, of course, be determined by our supporter base.

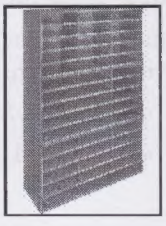
FOOD FOR THOUGHT

During the American Revolutionary War only 1/3 of the Colonists actually supported the war effort. Another 1/3 was loyal to the crown and were called 'Tories'. The last third, didn't care one way or the other as in their view all they would be doing is replacing one King George for another King George, as they actually thought that George Washington would simply replace the other.

If not for French aid, we would probably still be ruled by a monarchy. The French did this not out of goodwill, but it was in their own self interest, and out of revenge, as they lost nearly all of their New World possessions to the Brits. In total, they contributed roughly 1.3 billion Livres to America's revolutionary war effort. That is just the tip of the iceberg. They also contributed a significant amount of soldiers. Of the 25,000 - 35,000 fatalities, 2100 were French who joined the revolutionary war effort. And then there was the leadership that they provided. Prior to French (Lafayette) and Prussian (Steuben) military leaders joining the struggle, the Colonists were a rag tag outfit.

The lesson here is that revolutions cost money, cost lives, and require leadership, sacrifice, organization and allies. This isn't a game, or a hobby, or a popularity contest. If you want to play games, take up chess or WOW; if you want a hobby, take up stamp collecting; and if you want to be popular, take up freaking ballroom dancing.

GETTING ORGANIZED



The RNPA is getting organized by streamlining our propaganda machine. This includes the acquisition of a literature organizer (right), which has 45 slots. This will allow us to have literature available on a moment's notice. And, if you check out our Propaganda Central page in this issue, you will see that our list reflects this.

Additionally, we purchased a list of 2400 names for $500+. We are sending out packets of literature locally, as to soften up the body politic and to make them aware of the RNPA. We are over halfway there. ❖

In Memoriam:
Tom Metzger
April 9, 1938 - November 4, 2020

On November 4th, the Racial Nationalist movement lost a true warrior in Tom Metzger.

Tom had a long and illustrious career in this movement. He started out as a member of the anti-communist, John Birch Society, and attended anti-Communist luncheon meetings sponsored by the Douglas Aircraft Corporation.

Tom, a former Navy veteran, would move on from there and was active in the George C. Wallace campaign for President. His tax protest over the Vietnam War destroyed his thriving television business but introduced him to the more extreme views.

During the 1970s, Tom joined the Knights of the Ku Klux Klan, led by David Duke and became Grand Dragon for the State of California. In the summer of 1979, he organized the Klan Border Watch to capture illegal aliens. In 1982, he ran in the California Senate Democratic primary, and considering his meager budget, did quite well, garnering 76,000 votes.

Tom would break off from Duke's KKK over a difference of tactics and started the California Knights of the Ku Klux Klan. Duke basically wanted to take a more moderate approach with his National Association of White People, whereas Tom, thought a harder approach was necessary. Actually, both had their merits, IMHO.

Tom was a true visionary who started his own community based television program, "Race and Reason".

Tom would eventually start the White Aryan Resistance (WAR) and, on a personal note, served as best man at your editor's wedding.

In 1985, Metzger attended a Nation of Islam rally in San Diego, led by Louis Farrakhan. During the rally he praised Farrakhan for recognizing that Jews are "parasites". He donated $100 to the Nation of Islam, as both WAR and that group had found common ground in their desire for racial separation. ❖

SALUTE!

Strategy of the Lion

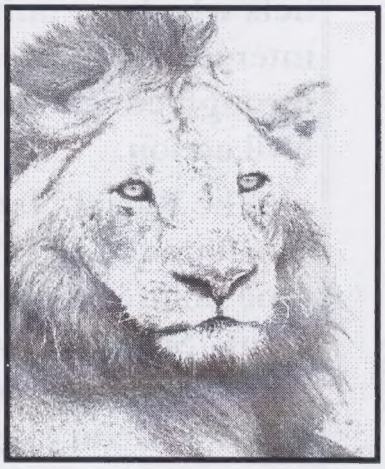
Saw a documentary on YouTube the other day about the Mapogo lion coalition. Basically this was about 5 male lions who were forced out of their pride by the dominant male lion. They would unite and then become a dominant force in the Sabi Sand of South Africa.

What was really interesting was that before they made their move, they waited, until they matured to where they could challenge the dominant males in that region, one by one. It was a real power play.

Three of these, were brothers, but the other two weren't related. BUT something in them, the need for survival, brought them together and forged a formidable coalition. That same survival instinct caused them to wait till they had matured to where instinct told them that they would be strong enough to challenge the dominant males.

This strategy is almost identical to the strategy of the RNPA, and it is something worth noting, in that it was successful.

The very fact that we have survived all of the manipulations and oppressions of our enemies is a testament to our re-



siliency, and our tenacity. That is a direct result of our "Stay Legal, Stay Active, and Stay Strong" strategy. More, we have waited for the time when we would have the wherewithal to challenge our enemies. We aren't there yet, but we are getting there.

We aren't bragging or patting ourselves on the back here, we are just emphasizing that our strategy is a winning strategy.

We aren't just being judged by our enemies in the same light, but also by potential allies. This is important, as we can not win this battle alone.

I have been approached very subtlety by potential allies. I said 'subtlety'. Mostly through third parties and or through casual interactions. They are starting to realize that: 1) we may not be as the media tries to portray us. 2) that the media is controlled by a sinister force. 3) something is 'not right in the state of Denmark'. Something is amiss, 'something wicked this way comes'.

To get to this end, these people and organizations had to first conclude that we were sincere. That we aren't publicity hounds, and we weren't locked into some past. At heart, people want forward thinkers, visionaries, who say the unsayable, and who, when the time comes, will do the undoable.

One last thing, I had a youngster tell me specifically, that one reason that ANTIFA has not attacked me personally is because they are afraid that if arrested, they would have to face possible retaliation in prison because of the influence that the RNPA has there. And so, our prison outreach may have a positive effect on the outside, to our benefit. ❖

ABOUT THE RNPA

The Racial Nationalist Party of America (RNPA) is composed of White men and women of all ethnic backgrounds and religious beliefs who have united together to fight for the interests of their race. They do this legally, through education and through political and civil action.

The Racial Nationalist Party of America was founded in 1998 by Karl Hand, a long time political activist in the pro-white movement. Since its inception, no major legal issues have arisen concerning the RNPA, and that is a credit to both its leadership and membership, and is a source of profound pride within our organization.
